

Parents Guide & Manual

Welcome to RAWA! Where your child's early learning fun journey begins!

RAWA is a unique Arabic program that provides a fun and interactive learning experience for young children.. By introducing Arabic vocabulary and hand gestures, RAWA empowers parents to engage their little ones in meaningful language learning experiences. Our curated resources, including videos, lullabies, flashcards, and books, create a joyful and enriching learning environment.

We have created this guide to help you navigate through the RAWA program.

When to start RAWA?

When your 9-month-old baby begins to mimic your actions, engage with pictures, and respond to simple games like peek-a-boo, and has started eating solid foods, they are ready to start their RAWA learning journey. However, it is never too late to start and you are able to begin the RAWA program when your child is within 9 months to 3 Years Old :

Why start early?

While it's essential to balance screen time with real-world experiences, our carefully curated learning program can offer significant benefits for infants and toddlers aged 9 months and older

Cognitive Development:

Early Learning: RAWA, a well-designed program can introduce basic concepts like shapes, colors, numbers, and letters in an engaging way.

Problem-Solving Skills: Interactive elements featured in RAWA can encourage critical thinking and problem-solving abilities.

Memory and Attention: Consistent exposure to educational content can help improve memory and attention span.

Language Development:

Vocabulary Expansion: RAWA, a high-quality program features diverse vocabulary and clear pronunciation, aiding language acquisition.

Communication Skills:

Interactive elements can encourage language use and communication with caregivers. RAWA supports communication by providing flash cards and encouraging parents to engage with their infants while viewing the program.

Social-Emotional Development:

Empathy and Understanding: RAWA presents stories and words that foster an understanding of emotions.

Social Interaction: Watching others on screen can provide social cues and model social behaviors.

Note to the Parents! Important Considerations and to Maximize Learning Beyond Videos:

- **Flashcard Fun:** Utilize the provided flashcards to reinforce vocabulary understanding outside of video sessions.
- **Reinforcing Gestures:** When using vocabulary learned through RAWA in daily interactions, demonstrate the corresponding hand gesture (if applicable) for added reinforcement.
- **Everyday Arabic:** Integrate the Arabic words from the program into your daily routines and activities with your child.
- **Sing & Mimic:** Singing or playing RAWA songs while engaging in hand gestures (if applicable) creates a fun and interactive learning environment for infants and toddlers.

We acknowledge the vital role parents and guardians play in their child's language development. Our team is here to support you! If you have any questions or require further guidance, please don't hesitate to reach out to us: info@rawalearning.com
